Ace Of Base

This Is My Favorite Ace Of Base song, if you don't have the album,  
go get it right now, it has the best songs they've ever recorded.  
(Stupid Me, How Can You Know This Song, If You Don't Already Have The Album?  
Unless You Downloaded It, Hmm, Is It Legal? LoL)

-----  
It's basically the same chords throughout the whole song, except the solo,  
which isn't very hard to figure out, but I ain't got the patience to tab it :)  
Don't Play The D Chord in the end of the intro, and the chorus.

Capo : 1st Fret

Intro, Verses, And Chorus:

**Em D C D**

Fire! I Can See It Burning So Brightly  
Fire! I Can Feel It Calling Out To Me  
And As The Sun Comes Down  
It Starts To Paint A Picture  
Of An Ancient Town  
So Far Away, Across The Endless Sea

Lead Me To The Light  
And Take Me To The Edge Of Heaven  
I Am Standing In The Night  
Looking For The Edge Of Heaven  
We'll Be Touching The Edge Of Heaven

Time, Close Your Eyes See Dreams Of Tomorrow  
Time, The Wheels Are Turning Till Eternity  
And As The Darkness Comes  
I Start To See A Picture  
Of A Lonely Man  
So Clearly Now Reaching Out For Me

Lead Me To The Light  
And Take Me To The Edge Of Heaven  
I Am Standing In The Night  
Looking For The Edge Of Heaven  
We'll Be Touching The Edge Of Heaven

Solo :

**F Am C Em**

**F Am C D**

Lead Me To The Light

And Take Me To The Edge Of Heaven (The Edge Of Heaven Is Near)

I Am Standing In The Night

Looking For The Edge Of Heaven (We ll Sail The Endless Sea)

Lead Me To The Light

And Take Me To The Edge Of Heaven (The Edge Of Heaven Is Near)

I Am Standing In The Night
