

Will You Love Me In The Morning
Acid House Kings

D

Will you love me in the morning

Am

When it's far too early

And you hate the place and work

G

You have to go to at nine

D

Will you love me in the morning

Am

When the coffee's cold, the paper's late

G

The rain keeps pouring for the third day straight

Em

G

Will you love me in the morning

D

Em

G

When it's hard to make things work out

D

Em

D

When it's so hard make things work out

G

D

He says May love be?

G

D

She says We'll see?

G

D

He says May love be?

Em

We can go far

D

Yes, we can go far

D

Will you love me in the morning

Am

When we've had a fight and I

G

Have told you things you know I never really meant

D

Will you love me in the morning

Am

When you've been awake since three

G

And there's no hope in making up the lack of sleep
