

**I Cant Love This Country
Across the Border**

Artist: Across The Border

Song: I can t love this country

Verse 1:

Em G
Yes when I was just a child
D Em
this country seemed so nice
Em G
everyday to laugh and play
D Em
didn` t see the fucking lies
G D
everyday to laugh and play
C Em
didn` t see the fucking lies

But I am older now, I see things through different eyes
The power of police, the justice in this land
The court will decide by the money in my hand
Yes the court will decide by the money in my hand
Cause money rules this world yes I know you understand

Chorus:

Em G D Em
No I can` t love this country anymore
Em G D Em
Too many of us were beaten by the law
Em G D Em
I don` t want to die in another German war
Em G D Em
No I can` t love this country anymore

Verse 2:

The life of a politician the life of your pet
ranks higher than of stranger ranks higher than of a black
yes the life of a politician means more than of a black
the police turn away and the right wing attack
a blue helmet on your head a change in the law
they will take any reason to start another war
we are strong enough again to fight another German war
blowin` flags, marching feet and the crowd begins to roar
