

Dress For The Weather  
Action Item

D F#m E

D A F#m

You've got this thundercloud around you,  
and I'm waiting for the storm.

A F#m

I brought my boots, my coat, my umbrella  
and I'm just trying to keep you warm.

E D F#m

I made a list of things I've always said,  
but never meant.

D A

Let me take you to your bed,

F#m E  
so I can erase them from your head.

E (once)

D A F#m

Get home faster, this is a disaster.

E

I should know better than dress for the weather.

D A

Call me crazy, I think you're amazing.

F#m E

This is the part where we get a little closer.

(the song keeps going with the same chord pattern D A F#m E)

Casey, I know you think that I'm rarely worth your time.

But baby, would you be willing to change your mind?

And I pick myself up and dust myself off

before I get a chance to speak.

If you have the time, just give a chance.

I'd love to change your mind about me.

Get home faster, this is a disaster.

I should know better than dress for the weather.

Call me crazy, I think you're amazing.

This is the part where we get a little closer.

Get home faster, this is a disaster.

I should know better than dress for the weather.

Call me crazy, I think you're amazing.

This is the part where we get a little closer.
