

**Promises**

**Adagio**

**A<sub>m</sub>**                    **G**                    **F**

I've been waiting so long

**D<sub>m</sub>**                    **E<sub>7</sub>**                    **A<sub>m</sub>**

To see the moon rising by your side

**G**                    **D<sub>m</sub>**

How many days, since you're gone

**A<sub>m</sub>**                    **G**                    **F**

I've cried so many times

**D<sub>m</sub>**                    **E<sub>7</sub>**                    **A<sub>m</sub>**

But I've spent so many hours to hide

**G**                    **D<sub>m</sub>**

The tears that I had in my eyes

**A<sub>b</sub>**                    **G**

When will I see you again

**F<sub>m</sub>**                    **C<sub>m</sub>**

Give me a last chance to make

**G**                    **C<sub>m</sub>**                    **B<sub>b</sub>**                    **A<sub>b</sub>**

Love, with you forever and ever again

**G**

I miss you

**C<sub>m</sub>**                    **G**

I can't feel pain anymore

**C<sub>m</sub>**                    **B<sub>b</sub>**                    **E<sub>b</sub>**                    **G**

I'm so lost in a world of sorrow

**C<sub>m</sub>**

But I await the hour

**G**                    **C<sub>m</sub>**

To set your heart on fire

**C<sub>m</sub>**                    **B<sub>b</sub>**

Mountains of ice I will cross

**A<sub>b</sub>**                    **G**

Fountains of gold I will find

**C<sub>m</sub>**                    **B<sub>b</sub>**                    **A<sub>b</sub>**                    **G**

To give you a gift as precious as you Ooh

**C<sub>m</sub>**                    **B<sub>b</sub>**

And endlessly I will shout

**C<sub>m</sub>**                    **B<sub>b</sub>**

Your name in the silence of night

**A<sub>b</sub>**                    **G**

So when will I see you again

**F<sub>m</sub>**                    **C<sub>m</sub>**

Give me a last chance to make
