INTRO:

D G

D E  
Well I am in love with something invisible  
G D am  
And though no one can make sense of where it s from,  
E  
I m sure as all my bones  
D E  
So lay my head and feet to point north and south  
G D am  
I will try to be a compass if you smile  
E  
and deign to take me home

G D  
I will lay on the bottom of that river  
G am E  
Spending my time where old sorts go to die  
G D  
Engulf the fish at the bottom of that river  
G D  
Lift a song into the night  
amol D  
So that the moon wonâ€™t have to die

D E  
I will collect all the hammers and I will make them ring  
G D am  
When the slowly swollen eyes are not enough  
D E  
And I will walk down the road until I can hear her sing  
G D am  
She can pass her coded message through my clothes  
E  
And assure me that sheâ€™s sure

G D  
I will lay on the bottom of that river  
G am E  
Spending my time where old sorts go to die  
G D  
Engulf the fish at the bottom of that river  
G D  
Lift a song into the night  
am D

So that the moon won't have to die

**D** **E**  
Well come up slow And drag your voice out into the light

**G** **D** **E**  
With the rough cover it provides you to shine

**D** **E**  
Now here we go down the hill fast faster no keel no bow

**G** **D** **E**  
Though you can smell them in my blood, forget the start

**E**  
Cause they're all dead by now

**G** **D**  
I will lay on the bottom of that river

**G** **E**  
Spending my time where old sorts go to die

**G** **D**  
Engulf the fish at the bottom of that river

**G** **D**  
Lift a song into the night

**E** **D**  
So that the moon won't have to die

I hope you like it, peace!
