Intro: **A E A D**

E **A**
We all got more, than this nowhere town in common
E **A**
It aint much to talk about it, but here we are talking.
D **A**
We dont got a lot of money, but that wont be what stops us
E **D**
From having a good time and living a good life.

Chorus:

A **E**
We got the moon light, we got some cold beer,
F# **D**
And the bonfire aint the only thing burning here.
A **E**
We got the radio, to sing with the songs we know,
F# **D**
And the ones we dont, we just hum along,
F# **E**
No, we aint got nothing
nothing wrong!

Interlude: **A E A D**

Way out here, we got a whole lot of mud to get stuck in
Just enough gas for one last cheap beer-run in
One, two, three not it, no it aint me drivin,
Tonight im tailgate drinkin, a little shotgunnin
maybe later on i might get some lovin

(Chorus)

E
aint got those traffic lights getting in the way

E
or stop and go, out on the interstate

E
We dont got nothing, but everything!

(Chorus)
