Lyrics: G Am Bm C
Looking down the line that you
G Am Bm C D7
Left a trail I hope you will undo
G Am Bm C
The echoes of failure inside someone
G Am Bm C D7
To learn to feel the flavor of the sun

G Am Bm C D7
Binki: Here I am meet me as before and more again
Adam: Here I am as before again
Binki: I won't let my endings keep me from you again
Adam: I won't be kept from you again

Taking you from the back of my mind
to keep you with me always all the time
imagining sins i hope for you
pretending to be realistic too

Chorus

Crack through the grip look up
at what you've touched
hiding yourself in the wrong place for love

Repeat chorus til end of song

Hope this helps anyone who wants to play this wonderful song and feel free to comment with corrections.
