[Verse]

G* **G**
There s no wrong way to fuck a girl with no legs
D **G***
Just tell her you love her as she s crawling away
G* **G**
There s no wrong way to fuck a bitch with no faith
D **G***
Now you ll never be sad again

[Chorus]

Em
Loving you are the two best things
Am
in a world that s skipping town
D
Reaching blind into the deepest mouth
E
in the brownest place around

[Verse]

G* **G**
There s something amiss in her cum-stained lips
D **G***
So I get the first kiss before she takes the last bite

G* **G**
Genital outlaws in a positive way

D **G***
And an everything bagel too

[Chorus]

Em
Getting strangled by the junkie priest

Am
as the boys get stoned in school

D
there s a knock at your door and your parents come in

E
they thought you were a different girl

[Verse]

G* **G**
So if you re alone when your parents aren t home

D **G***
And no one can see your incestous tree

G* **G**
No need to contain what the sparrows can say

D **G***
Now you ll never be sad again
