Map
Adam Lambert

```
Fm                                 G#        C#      Fm
The dawn is bright and my perception is open wide
                                 G#
You know you flooded my senses babe
Fm                      G#       C#         Fm
What you inspire is a feeling I can t describe
                   G#
Forgotten all my defenses

Fm
You were a beam of light
G#            C#
Lit up my broken sky
Fm                         C#
There was just something about you
Fm                      G#         C#        Fm
I had a vision and you painted the world for me
                      G#
And now I m staying beside you

Fm            C#        G#
I don t need a wander anymore
Eb                   Bbm
I have found what I ve been looking for
Fm                    C#        G#
I don t need a map to know the way
Eb           C#      Eb                  C#      Eb
I don t need a map to tell me where I m at

Fm        C#                G#           Eb
Now I believe in more than I can see
             C#
Now I can breathe again
Fm             C#     G#
I don t need a map to know the way
Eb              C#        Eb              C#      Eb
I don t need a map you re always like a path
```
