You re someone else s baby

**F F E G A**

I m so sick of living for other people

**F**

Took meeting you to realize

**F F E G A**

I don t wanna lose ya, I wanna keep ya

**E♭**

Put your little hand in mine and

**G**

Look into my eyes, baby

**C E F E F**

**A A G G G**

Oh you make me wanna listen to music again

**C E F E F**

**A A G G G**

Yeah you make me wanna listen to music again

There had been many moons before I met ya

And I ain t going nowhere

And now you give me back my raison d'être

And I m inspired again

And I know in some ways we re kinda evil

Got my roots and you ve got ties

But my heart s no stranger to upheaval

Put your little hand in mine and  
Look into my eyes, baby eyes  
Oh you make me wanna listen to music again  
Yeah you make me wanna listen to music again

**A F C**

Ahhh music again

**C**

Look in to my eyes very eyes

**A F C**

I just wanna listen to music again

Oh yeah oh yeah oh yeah wooh oh hey!

I m so sick of living for other people  
Took meeting you to realize  
I don t wanna lose ya, I wanna keep ya

Put your little hand in mine and  
Look into my eyes very eyes, whoa  
Oh you make me wanna listen to music again, whoa  
Yeah you make me wanna listen to music again, whoa  
Oh you make me wanna listen to music again, whoa  
Yeah you make me wanna listen to music again
