Forgetful Lucy

E

The Hukilau was the place

A

Where I first saw your face

We liked each other right away

A

But you didn't remember me the very next day

B

Forgetful Lucy

A

Has got a nice caboosey

E

I used to trick you into pulling your car over so we could chat

A

But my favorite time was when you beat the shit out of Ula with a bat

E

Then we drove up to see Dr. Keats

A

And found out why Doug always has to change his sheets

B

Forgetful Lucy

A

Cracked her head like Gary Busey

E

But I still love her so

A

And I'll never let her go

E

Even if while I'm singing this song

A

She's wishing I had Jocko the walrus schlong

Forgetful Lucy
