[Verse 1]

G **Am**
It was the moon that brought us to - gether,
C **G**
We crept away under it s light,
G **Am**
We danced by it s shimmering re - flection,
C **G**
Beside the river on an autumn night,
G **Am**
One moon floating up in the heavens,
C **G**
Two people gazing up at its face,
G **Am**
One moon meant to last for - ever,
C **G**
And to - gether we d live out our days!

[Chorus]

G/A Bm **Cmaj7**
One moon for two people,
Am **A4** **Am** **G**
we got to share the shining jewel of the night,
G4 G **A7**
..One moon, ...one moon,
C **G**
Two people dancing in its light!

[Verse 2]

G **Am**
Time rolls on, as it always does,
C **G**
The phases of the moon would change,
G **Am**
The phases in the lives of two people...
C **G**
...Would make us have to rearrange,
G **Am**
One heads east, one heads westward,
C **G**
And standing outside on a winters night,
G **Am**
We re now ...two different people,
C **G**
Under two different shafts of moonlight!

[Chorus]

G/A Bm **Cmaj7**
One moon over your town, (Her town!)
Am **A4** **Am** **G**
One moon over mine,
G4 **G** **A7**
...Two moons, ...two moons,
C **G**
Too many solitary nights!

[Bridge]

F **C**
If the stars could come together,
G **D** **D4** **D**
And twinkle all in one line,
Dsus2 **F** **C**
Could they blaze a shining trail right through the heavens,
D **D4** **D** **Dsus2**
And lead your moon back to mine,
D7 **D** **D/C** **D/B**
And lead you moon back to mine?

[Verse 3]

D/A **G** **Am**
Now it s been so long I can t re - member...
C **G** **G6**
...The last time I looked up in the sky,
G **Am**
Just concentrating on what s in front of me,
C **G**
Looking from side to side,
G **Am**

But there s something tonight that s calling,

I go out to see what I can see,

The full moon... maybe it's smiling,

C **G**

Shining there just for me!

[Chorus]

G/A Bm Cmaj7
One moon hanging high above me,

Am A4 Am G
One moon casting down his light,

G4 **G** **A7**

...One moon, ...one moon,

C ...One moon up there in the sky, **G**

G **A7**

...One moon, ...one moon,

C **Cmaj7** **G**
One moon, and I guess it s all mine!
