**G**

The night is coming on with every step

**Am**

When push comes to shove

**C**

Will you ever have enough

**G**

Do you want someone to love?

**F**

**G**

Is that what you're dreaming of?

I don't

**Am**

See why you come out

**C**

On these nights

**G**

I don't see why you run around

**F**

**G**

With these other guys

I know what it takes

And I've made my mistakes

N.C.

But everything comes and goes

My baby

[Chorus]
