

First Love
Adele

F **Cmaj7**

So little to say

But so much time

Em

Despite my empty mouth

Am

The words are in my mind

F

Please wear the face

Cmaj7

The one where you smile

Because you

Em

Lighten up my heart

Am

When I start to cry

F

Forgive me first love

Cmaj7

But I m tired

Em

I need to get away

Am

To feel again

F

Try to understand why

Cmaj7

Don t get so close

To change my mind

Em

Please wipe that look

Out of your eyes

It s bribing me

Am

To doubt myself

F **Cmaj7**

Simply, it s tiring

(**F** **Cmaj7** **Em** **Am**)

Em

This love has dried up

Am

And stayed behind

F

And if I stay

Cmaj7

It d be a lie

Em

Then choke on words

Am

I d always hide

F

Excuse me first love

Cmaj7

But we re through

Em

I need to taste the kiss

Am

From someone new

F

Forgive me first love

Cmaj7

But I m too tired

Em

I m bored to say

The least and I

Am

I lack desire

(**F Cmaj7 Em Am**)

Forgive me first love (4x)

Forgive me

Forgive me first love (2x)
