[Verse 1]

Am
I m fine...
G
That s what you said to me,
C F
but baby I just can t believe
Am G
that line from a girl who gets
F C
bored so easily;

Am G
Tell me why it has to be
C F
mapped out so perfectly;
Am G
We re stuck in between the world
G F C
and the life we re supposed to lead;

Dm Am Gadd11 G
People look at us like we re crazy...

[CHORUS]

G Am
Even if my head spins
F G
on a downward fall,
G Am
Even if my soul runs thin
F G
and we re reduced to a crawl,
Em
Even if I fail to be the one
Am F
you thought you knew all along,
Dm Em G
I m daring you to leave both eyes open

G **F C G Am F C G**
cause we re worth more broken...

[Verse 2]

Am G
Leave it behind, let it go;
C F
Life moves fast, you can t control;
Am G
Just hold onto me, we ll be complete,
F C
everyone will know;

Am G
Maybe they ll be a breakdown or two;
C F
In your corner, I ll stand there with you;
Am G
The best part of that is I had no doubt,
F C
I already knew...
Dm Am G
People look at us like we re crazy...

[CHORUS]

G Am
Even if my head spins
F G
on a downward fall,
G Am
Even if my soul runs thin
F G
and we re reduced to a crawl,

Am F
you thought you knew all along,
