

Bomb Through The Town
Admiral Fallow

Admiral Fallow // Boots Met My Face // Bomb Through The Town

Chords are close to the album version and in the same key.
To play the guitar the same as like in the song just arpeggiate around the chords.

CAPO 2

C: x3201x
Gadd4: 32001x
G: 32000x
Am: x02210
Dsus2: xx0230

Intro: **C** - **G** - Gadd4

Verse 1:

C Gadd4 - **G**
What kind of sadness is this?

C Gadd4 - **G**
Two real good friends with nothing to say

C
And I ll fly through the crowd

Am
At 45 degrees

Dsus2
On my knees

C - **G**
To your door

C - **G**
To your door

C Gadd4 - **G**
Swallow my jealousy whole

C Gadd4 - **G**
Green turns through valour

Gadd4 **G**
Harbours in gold

C
And I ll bomb through the town

Am
At a rate of noughts

Dsus2

Fingers crossed

G

To your door

Ending is based around chords but doesn't sound too great with just a guitar. I suggest that you just play C then into G .
