

**I Can't Love You**  
**Adore Delano**

**Am**

Baby, you're a work of art

**F**

A shooting star

**C**

Lighting up the darkness

**G**

So lucky that we found this, yeah

**Am**

You know you've got me losing sleep

**F**

**C**

I can't believe the beauty of this moment

**G**

It's all I've ever wanted

**G**

But I can't love you

**Am**

I can't love you today

**F**

I can't love you tomorrow

**C**

I can't love you anyway

**G**

I can't love you anyhow

**G**

I can't love you, love you

**Am**

I love the way you touch my lips

**F**

You live to kiss

**C**

The freckles on my shoulder

**G**

So I can pull you closer, yeah

**Am**

**F**

Some people search all their lives for what we've got

**C**

A fairytale in motion

**G**

With hearts deep as the ocean

**G**

But I can't love you

**Am**

I can't love you today

**F**

I can t love you tomorrow

**C**

I can t love you anyway

**G**

I can t love you anyhow

**G**

I can t love you, love you

**Am**

I can t love you, love you

**F**

I can t love you, love you

**C**

Wrote a chapter full of us

**G**

Just to burn it up

**Am**

I can t love you, love you

**F**

I can t love you, love you

**C**

Tied to bed with bright green eyes

**G**

Just to come undone

**G**

But I can t love you

**Am**

I can t love you today

**F**

I can t love you tomorrow

**C**

I can t love you anyway

**G**

I can t love you anyhow

**G**

I can t love you, love you
