

I Can't Love You

Adore Delano

Am

Baby, you're a work of art

F

A shooting star

C

Lighting up the darkness

G

So lucky that we found this, yeah

Am

You know you've got me losing sleep

F

C

I can't believe the beauty of this moment

G

It's all I've ever wanted

G

But I can't love you

Am

I can't love you today

F

I can't love you tomorrow

C

I can't love you anyway

G

I can't love you anyhow

G

I can't love you, love you

Am

I love the way you touch my lips

F

You live to kiss

C

The freckles on my shoulder

G

So I can pull you closer, yeah

Am

F

Some people search all their lives for what we've got

C

A fairytale in motion

G

With hearts deep as the ocean

G

But I can't love you

Am

I can't love you today

F

I can t love you tomorrow

C

I can t love you anyway

G

I can t love you anyhow

G

I can t love you, love you

Am

I can t love you, love you

F

I can t love you, love you

C

Wrote a chapter full of us

G

Just to burn it up

Am

I can t love you, love you

F

I can t love you, love you

C

Tied to bed with bright green eyes

G

Just to come undone

G

But I can t love you

Am

I can t love you today

F

I can t love you tomorrow

C

I can t love you anyway

G

I can t love you anyhow

G

I can t love you, love you
