  G#m       G#m/E       B      B/A#
I feel I m not the same
      G#m       G#m/E      B       B/A#
 I m alive but something s changed
      G#m   G#m/E         B             B/A#
 like every leaf that is falling to the ground
           G#m       G#m/E    B    B/A#
 it s still alive but not the same

           G#m     G#m/E     B
These are the times we all feel pain
 B/A#                     G#m      G#m/E   B
 a helping hand would be nice to feel again
      B/A#             G#m         G#m/E
 for a simple man who s down on his knees
       B           B/A#
 I m begging you please
         G#m     G#m/E     B       B/A#
 won t you help me understand

          E                     F#
Come on and shine your light on me
        G#m                 B
 I need a friend to help me see
       E           F#        D#
 cause everytime I open my eyes

        E                  F#         G#m              F#
I know I don t want to wake up and make the same mistakes
     E            F#       G#m
 it happens to me all the time
        E              F#
 If I lie I lose it all
      G#m              F#
 if I stand or if I fall
        E           F#           G#m
 I ve got to lay it all on the line

  G#m    G#m/E      B
I see a child at play
  B/A#                      G#m       G#m/E    B
 I feel her stuggle through each and everyday
        B/A#                    G#m        G#m/E
 even though I know that you re miles away
          B                   B/A#
 I m just dying to hear you say
G#m  G#m/E  B  B/A#
```

```
  hello

          E               F#
I get so lost in my disease
              G#m           B
 I m missing precious memories
 E               F#        D#
 every time I open my eyes

         E               F#          G#m              F#
I know I don t want to wake up and make the same mistakes
     E               F#        G#m
 it happens to me all the time
         E               F#
If I lie I lose it all
     G#m               F#
 if I stand or if I fall
         E             F#            E
 I ve got to lay it all on the line

                 F#                  G#m     E
And I swear this time I ll get it right
                    F#
 And I swear this time I m gonna lay
      D#                E     F#      G#m
 it all out on the line, on the line

 We live and die
            F#
 We try to please
      E               F#        D#
 but everytime I open my eyes

         E               F#          G#m              F#
I know I don t want to wake up and make the same mistakes
     E               F#        G#m
 it happens to me all the time
         E               F#
If I lie I lose it all
     G#m               F#
 if I stand or if I fall
         E             F#            E
 I ve got to lay it all on the line
