

Lost And Found
Adrienne Pierce

<http://www.adriennepierce.com>

I saw a user on youtube (chazolia) cover this song. (credit goes to her, this doesn't to me)
Since nobody posted the chords up for this, I figured I should just post it up so others find it :]

chazolia's cover: <http://www.youtube.com/watch?v=GTaZCw6eLhk>

I think using a capo would sound better, but it all depends on you.

G **C** **G**
Eyes like flowers, I love the way you see you see, you see

C
You're the best thing that's happened to me

Am **C**
Maybe I should fight harder for you

G **C**
But I said I'd let go when you wanted me to

G **C** **G**
Have no power, I see the way you run you run you run

C
As soon as we start to have fun

Am **C** **G**
Maybe I will be feel better alone or just feel something,

C
Heart is turning to stone

Am-E **G** **D** **Am**
So, so slow can you feel me letting go
Am-E **G** **C** **D**
I, I know that we turn away when the cracks begin to show

D
And now we're
Em **C** **G** **D** **Em-C-G-D**
sleeping with the television and all the lights on
Em **C** **G** **D** **Em-C-G-D**
One of us is leaving soon but we're both already gone
Em **C** **G** **D** **Em-C-G-D**

Stuck at the lost at found, watch things disappear
Em **C** **G** **D** **Em-C-G-D**
Looking for the missing piece but it was never here

G **C** **G**
Every hour, I find a way a way a way, a way
 C **Am**
To convince myself to stay back and forth,
 C **G** **C**
I can t juggle lying here need to stand up and struggle

G **C** **G**
Ivory tower, I know the what you think you think you think
 C **Am** **C**
It s making my heart sink unamused, tired of the antics
G **C**
Sick of arguing over semantics

Am-E **G** **D** **Am**
So, so slow can you feel me letting go
Am-E **G** **C** **D**
I, I know that we turn away when the cracks begin to show

D
And now we re
Em **C** **G** **D** **Em-C-G-D**
sleeping with the television and all the lights on
Em **C** **G** **D** **Em-C-G-D**
One of us is leaving soon but we re both already gone
Em **C** **G** **D** **Em-C-G-D**
Stuck at the lost at found, watch things disappear
Em **C** **G** **D** **Em-C-G-D**
Looking for the missing piece but it was never here
