

**This Time Imperfect**

**AFI**

(intro 2x) **G D Em D**

**G** **D** **Em D**  
I cannot leave here, I cannot stay  
**G** **D** **Em D**  
Forever haunted, more than afraid  
**G** **D** **Em D**  
Asphyxiate on words I would say  
**G** **D** **Em C**  
I m drawn to a blackened sky as I turn blue

**Em** **D** **G**  
There are no flowers, no, not this time  
**G** **C** **D**  
**C**  
There will be no angels gracing the lines, just these stark words I find  
**Em** **D** **G**  
I d show a smile but I m too weak  
**G** **C** **D** **C**  
I d share for you, could I only speak, just how much this hurts me

(interlude) **G D Em D G D Em C**

**G** **D** **Em D**  
I cannot stay here, I cannot leave  
**G** **D** **Em D**  
Just like all I loved, I m make believe  
**G** **D** **Em**  
Imagined heart, I disappear  
**Em** **D G** **D** **Em C**  
Seems... no one will appear here and make me real

**Em** **D** **G**  
There are no flowers, no, not this time  
**G** **C** **D**  
**C**  
There will be no angels gracing the lines, just these stark words I find  
**Em** **D** **G**  
I d show a smile but I m too weak  
**G** **C** **D** **C**  
I d share for you, could I only speak, just how much this hurts me
