

Fighting My Way Back
After Midnight Project

Bbm

Standing on the corner in the city

F#

It s feeling like prison

Bbm

F#

Tried to hold us both but you got away

Bbm

I could have been a lover, could have been a fighter

F#

But I didn t know how

Bbm

F#

And every time you cried I had nothing to say

G#

But I m coming back

F#

Holding you to your words

Bbm

G#

You said All I had to do is try

Ebm

Bbm

G#

I m fighting my way back to you

Ebm

Bbm

G#

They can try and stop me but I ll break through

Ebm

Bbm

G#

I m fighting my way back to you

F#

Bbm

F#

Bbm G#

I m taking back, what I gave away

Bbm

I m tracing all the word that I couldn t say

F#

on the window

Bbm

F#

All this frost stays as cold as I am

Bbm

I could have been a lover, could have been a fighter

F#

But I didn t know how

G#

F#

Please wait for me, you better wait for me

(Chorus)

Bridge: **Bbm G# F#** x3 then **F F# G#**

I could have been a lover, could have been a fighter

F#

But I didn't know how

(Chorus)
