

**Bob Dylan Dream
Against Me!**

***** CAPO in 3rd fret *****

Well, the intro/chorus is a bit tricky.
These are the chords:

G Am C Cadd9 Dadd9 Cadd9
G Am C Cadd9 Dadd9 G

Is the same chords sequence all time, but the last chord is alternating between Cadd9 and G every sequence.

```

e --3----0----0-0--0---0-----3----0---0-0--0---3-----|
B --3----1----1-3--5---3-----3----1---1-3--5---3-----|
G --0----2----0-0--0---0-----0----2---0-0--0---0-----|
D --0----2----2-2--4---2-----0----2---2-2--4---0-----|
A --2----0----3-3--5---3-----2----0---3-3--5---2-----|
E --3-----3-----3-----3-----3-----3-----3-----|

```

The tricky part is passing from C to Cadd9 and then to Dadd9. Simply put your hand in C position. Then use the little finger on the 2nd string/3rd fret and keeping the same hand position slide it 2 frets up.
