Living In Darkness
Agent Orange

ok, I m listening to the album at the moment and Living in Darkness is playing,
and slowly working it out along with it, so here we go.
during the bass intro:

```
Intro
|-----------------
|-----------------
|-9~-----9~-----9~--
|-9~-----9~-----9~--
|-7~-----7~-----7~--
|-----------------
```

```
Main Riff
|-------------
|-------------
|-------------
|-9-9-9--7-7-7-
|-7-7-7--5-5-5-
|-------------
```
repeat that around 5 times
then:
```
|-------------
|-------------
|-------------
|-------------
|-7-7-7--5-5-5-
|-5-5-5--3-3-3-
```
play above twice
then back to:
```
|-------------
|-------------
|-------------
|-9-9-9--7-7-7-
|-7-7-7--5-5-5-
|-------------
```

```
|---
|---
|-5-
|-5-
|-3-
|---
   ^ strum a few times
```
then you ll hear it slides a little, so do:

```
|-----------
|-----------
```

```
|-4/5-5-5-5-
|-4/5-5-5-5-
|-2/3-3-3-3-
|----------
```

that s the riffs really from what I can see.
then for the solo, I m not entirely sure about this, but I think it may be
based around the pentatonic on both G# and G.

```
|-3-4---6-7-
|-3-4---6-7-
|-3-4-5-6---
|-3-4-5-6---
|-3-4-5-6---
|-3-4---6-7-
```

see, that s why I m not sure!

lyrics

Look at me now
I ve got no reason to be like everybody else
so dumb, so happy
I like things that bite
things that creep at night
everybody s asking me what s it like down there
the concrete floor is cold
and the walls are bare

(chorus)
I feel safest being alone
living in darkness
living in a world of my own

I m so selfish doing everything by myself
I feel so good
I m gonna live to be a couple thousand years old
ashes to ashes, dust to dust
I thought I knew smoebody that I could trust
Now I m not so sure

Repeat Chorus

One whole lifetime I m never gonna last
unless I live until dying is a thing of the past
and all these girls I know out turning boys into men
I know I am never going down again
never again

Repeat Chorus
