Speed Metal rules. anyway, i ve included all of the riffs (hopefully), as accurate as i could. hope you enjoy it, it s a great song. no solo, sorry... also the accoustic intro is kinda buried under the vocals, but it s probably correct. both guitars play the same riffs, except for riff 5 the structure is quite confusing, sorry. i would suggest learning all the riffs, and memorize the order they are played from the actual song. ignore the timing, too
