

Cosmic Dancert
Agents of Oblivion

Agents of Oblivion did a sick ass cover of this alright T-rex song but I prefer Oblivion
well here it is

After each Em chord lead guitar plays this

```
e|-----|
B|-----|
G|-----|
D|-----0h2---|
A|---0h2-----|
E|-----|
```

(Somehow the rythym guitar plays with both a clean acoustic simulation or something
at the same time running it through a little bit of overdrive, probably using two amps)

A **F#m**
I was dancing when I was twelve
A **F#m**
I was dancing when I was twelve
G **D**

G **D**

A **F#m**

A **F#m**

G **D**
Is it strange to dance so soon
G **D**
I danced myself right out the womb

A **F#m**
I was dancing when I was eight
