

Rosebud

Ahab

The chords are correct, but I'm pretty sure I made some mistakes in the lyrics.
Enjoy.

AHAB " Rosebud

Verse:

G " C " G " D

G " C " G " D " G

Chorus:

Em " C " G - D

Verse

There's a rosebud in my garden
Takes a love and the light
In the morning when I wake up
Yeah, I can see her smile

Verse

Your..... in the dark times
Keeps the love like the light?
When my friend goes, he's in my eyes
I won't forget you tonight

Chorus

When the demons flicker in your eyes
We all knew you were running out of time
We will leave the light on for you
Co's you were welcome anytime of your life

Verse

There's a picture in an old frame
Stands alone on the wall
In the middle there's a soldier
Standing in grace while others fall

Verse

And I know that you never leave them
You won't answer their call
Maybe you should, I am AHAB
Put your fist through the wall

Chorus

When the demons flicker in your eyes
We all knew you were running out of time
We will leave the light on for you
Coâ€™s you were welcome anytime of your life

When the demons flicker in your eyes
We all knew you were running out of time
We will leave the light off for you
Coâ€™s you were welcome anytime of your life
