One last goodnight with this painted picture in our minds,
the voice inside that sings tonight.

Dear Mother, now beyond this grave, you re the soul that wants me.
Front row with a cigarette, you re the ghost that haunts me, but I wonder,

C G# D# A# + Riff1

I m too fucked up to come home. I swear this heart was made of stone.
I wont pretend that everything s alright when its not.
