C G Em7 A7

C G Em7 A7

I don t know how to break the news but its pretty clear you ll be asked to choose between

What you lack and what you excuse in this tug of war

You can t say that they didn t warn you though you d rather that they just ignore you

Cause your devices are not working for you anymore

chorus:

CA7 C

What you want you don t know

Em7 A7 C G

You re with stupid now

C G Em7 A7

You don t know how to manufacture sturdy bones with a hairline fracture
The crazy will of a Margaret Thatcher that they we all got
And though you pay for the hands they re shaking the speeches and the mistakes
they re making

As they struggle with the undertaking of simple thought

[chorus 2x]

[solo] C G Em7 A7 4x
