Tabbed by: syphaxe  
Tuning: standard

...probably the easiest way to play this is below.

Sounds like Munro strums the C adjusting position of the winner finger (2) between the D and the G and back again, or D to the E and back

again if you like the barred C (same effect, just bassier)...like....

	C	Cwinner	*or*	C	Cwinner
e	---	o----	o-----	3----	3-----
B	---	1----	1-----	5----	5-----
G	---	o----	2-----	5----	5-----
D	---	2----	o-----	5----	3-----
A	---	3----	3-----	3----	3-----
E	---	3----	3-----	3----	5-----

...you can do something similar with the Am for flave...

**Am** Amwinner

```
e|---o----o-----|
B|---1----1-----|
G|---2----2-----|
D|---2----o-----|
A|---o----2-----|
E|---o----o-----|
```

...also, you can play the C or the (/G) where indicated...sounds like Munro and Sullivan

use one while the other uses the other in

guitar/mandolin duet.

Capo on 4th fret
