

Hold
Aitana

Am **G**
You must get tired

Dm **F**
Always to my brain

Am **G**
Got me hooked on you

Dm **F**
And I can't break up the chains

Am **G**
Think I'm good, and there you go

Dm **F**
Blowing up my phone

Am **G**
I can't help but hitting you back

Dm **F**
But you off them up

Am **G**
Gotta make a move, what to do with you?

Em
Sorry, if you think that it's wrong

F
But I have to put you on hold

Am **G** **Dm** **F**
Ooo ooo oooh Put you on, put you on hold

Am **G** **Dm** **F**
Ooo ooo oooh Put you on hold

Am **G** **Dm** **F**
Ooo ooo oooh Put you on, put you on

Am **G** **Dm**
Sorry if you think that it's cruel

F
I have to put you on

Please hold
I know you like to play, right
Cause you don't hit me up when it's daylight
When my phone blow up in the moonlight
You can hold I'm in the mood right now

Making moves
Are you thinking you are smooth right now?

What you tryna do right now?
Oh, you getting rude right now
I m telling you, back down

Gotta make a move, what to do with you?
Sorry, if you think that it s wrong

But I have to put you on hold
Put you on, put you on hold
Put you on hold
Put you on, put you on
Sorry if you think that it s cruel
I have to put you on

Hold, hold, hold
(Yeah, yeah)
Hold, hold, hold
(Sorry if you think that it s wrong)

But I have to put you on hold
Put you on, put you on hold
Put you on hold
Put you on, put you on
Sorry if you think that it s cruel
I have to put you on
