London

Fm C# G# D#

Fm C# G# D#
When I wake up in the sunlight and look into your eyes
Fm C# G# D#
And I hold you for a little while and I see behind your smile
Fm C# G# D#
I remember how beautiful I used to think you are
Fm C# D#
Now the only love that meant something is gone

CHORUS:

Fm C#
I shouldâ€™ve let you go when I saw that
G# D#
It was over in your eyes
Fm C#
What do I have to do to get rid of you?
G# D#
Iâ€™ll be better on my own
Fm C# G#
Now I miss the sun but as long as Iâ€™m with you
D# Fm C# G#
Itâ€™s just another rainy day in London
D# Fm C# G# D#
Just another rainy day in London

Fm C# G# D#
I still hold on to the memory of how we were meant to be
Fm C# G# D#
And I wonder did you ever care, you were never there for me
Fm C#
I thought I was stronger but then why am I here
G# D#
When thereâ€™s nothing left to say
Fm C# D#
Now the only love that meant something is gone

CHORUS

Fm C#
I shouldâ€™ve let you go when I saw that
G# D#
It was over in your eyes
Fm C#

What do I have to do to get rid of you?

G# D#

Iâ€™ll be better on my own

Fm C# G#

Now I miss the sun but as long as Iâ€™m with you

D# Fm C# G#

Itâ€™s just another rainy day in London
