[Verse]

C# **G#/B**
i don t know where this is going
C# **G#/B**
i don t know how this all came about
C# **G#/B**
but all i know is that i ll never--
Fm **Eb/F#** **C#**
forget the way you looked at me that night

C# **G#/B**
maybe someday you ll be leavin
C# **G#/B**
maybe one day we ll say it s over and done
C# **G#/B**
but right now, i wanna breathe it in and sing it out
Fm **Eb** **C#**
i m not afraid of where it s taking me tonight

[Pre-Chorus]

Eb **Eb/F#** **G#**
and somehow this is not the way i planned it
Eb **C/Eb** **Fm** **Eb** **C#**
i didn t think i d need someone right now, then there was you

[Chorus]

G# **Bbm** **G#/B** **Ebm** **C#**
let s get away from here
C#m7 **F#7** **B(maj7)** **Bbm**
away to a universe that s not so close, my dear
G# **Bbm** **G#/B** **Ebm** **C#**
and in my arms you ll stay
Bbm **Eb** **C#**
amazing how you take my breath away

[Verse] (see above)

i m hoping for the real thing
and i know i find my realness in you
these nights are never-ending

to have you here would be so overdue

[Pre-Chorus] (see above)

and somehow i m just falling way too quickly
the moment that you put your hand in mine
no wasted time

[Chorus]

G# Bbm G#/B Ebm C#

let s get away from here

C#m7 F#7 B(maj7) Bbm

away to a universe that s not so close, my dear
