

Hate Sticks Hard Party Part 2
AJJ (Andrew Jackson Jihad)

All of the Am in the chorus have a quick roll downwards following them. It's what makes this piece sound really neat. I don't know exactly what he's doing, but I but I play 3 1 0 on the E string and then 3 1 0 on the B quickly while holding the Am chord.

C
Someday you all will perish
A A A A A A A A A A A A A A A A **Am**
in the fire of my hate.

C
Someday you all will drown in
A A A A A A A A A A A A **Am**
a sea of my tears.

C
Someday you all will choke on
A A A A A A A A A A A A A A A A **Am**
the length of my hair.

C
Someday you all will smother under
A A A A A A A A A A A A A A A A **Am**
the weight of my tits.

F **G**
And you will run, you will run
C F C F
to the hills.

And you will run, you will run
C F C F
for your lives.

And you will die, you will die

content and happy.
