[Verse]

          D                          G                          D  
Hitler killed his old supporters before the Jews  
D                  G                          Em                          A  
Cuckolded conservatives who behaved a lot like you  
          Em                          A                          Bm  A          G  F#m  Em  
Paul Ryan, Mitch McConnell, Marco Rubio, Ted Cruz, fuck you  
          Em                          A                          D  
The Night of the Long Knives is comin soon

[Verse]

          D                          G                          D  
Just look at history to see what Trump ll do  
          D                          G                          Em                          A  
He ll consolidate his power, and then he ll be done with you  
          Em                          A                          Bm  A          G  F#m  Em  
Because there s no room in fascism for anyone else s views  
          Em                          A                          Bm  A          G  F#m  Em  
Your chickens will be coming home to roost, roost, roost  
          Em                          A                          D  G  D  
The Night of the Long Knives is comin soon

D  G  A  
Ooo ooo ooo

[Outro]

          G                          A  
And the only joy I get from all of this  
          Bm          A          G  
Is knowing your impending doom  
          F#m          Em  
Because I m petty  
          Em                          A                          D  G  D  
The Night of the Long Knives is comin soon
