[Lil Wayne â€" Verse 3]

Oh-oh,

Big money Weezy

White wife beater with the sig underneath it

How do I feel bitch I feel undefeated

Snap my fingers disappear from the precinct

Yea!

Iâ€™m ballinâ€™ we ball out

Thoughts of we fallin until the ball bounce

I send some niggas with guns at yâ€™all house

Only to find out you live in a doll house

Damn!

But I thought you was tough though

We carry choppers on our necks

Call it cut throat

We, bury cowards on the set that they come from

We know magic,

Turn weed smoke to gun smoke

We, ball first when we ride

You, in a hearse when you ride

Ay-yay

I put my shoe down baby

And Iâ€™m holding down Young Mula baby!

Thatâ€™s whyâ€|
