Though your coursing remain eager to acquaint me

F

And you are no longer a docile stream

F

And you are no longer a docile stream

Bbm

And once this spark met kindling

Forgets its gentle ambling

Becoming heat, becoming steam

Becoming luminescent glee

Atoms splinter, sparkling

Alive and nimble symmetry

And all along, this glistening

Blankets we and everything

Shadows dance triumphantly

A wordless whisper sighs and pleas

Little deaths envelope thee

You and I and a flame make three

You and I and a flame make three

You and I and a flame make three

Though my tired fleet abides in your gentle breeze

F

And you are now vast and open sea

F

And my mind travels you endlessly

Bbm

F

And you beckon, toss and toss and swallow me
