Make a Little Room - Al Lewis

Bb F Bb F Bb F C x2 C

Dm F Bb F Bb F C

Well it s only been a day and I guess I could say
That it feels like a week,
and what I thought was wrong
How I miss it now its gone
As I struggle to find my feet

Bb

Some things are meant together

C

Some things are better apart

Am

Some things are easy

Bb

When other times they are hard

Bb Dm F C

But that doesn t mean what s hard
Isn t what s meant to be

Bb F C Bb F C Bb F C C

So wont you please, make a little room for,
Please make a little room for,
Please make a little room for me

Bb F Bb F Bb F C x2 C

Dm F Bb F Bb F C

Well your eyes they convey
What your lips fail to say
And suddenly I m forced to speak
And though I try and try I keep falling shy
As you drift out of reach

Bb

Some things are meant together

C

Some things are better apart

Am

Some things are easy

Bb

When other times they are hard

Bb Dm F C

But that doesn't mean what's hard
Isn't what's meant to be

Bb F C Bb F C Bb F C C
So won't you please make a little room for
Please make a little room for
Please make a little room for me x2

Dm C F
And those seeds of doubt
Bb
that were planted in my mind
C
Have grown stronger and stronger with time

Bb
Somethings are meant together
C
Somethings are better apart

Am
Somethings are easy

Bb
When other times they are hard

Bb Dm F C
But that doesn't mean what's hard
Isn't what's meant to be

Bb F C Bb F C Bb F C C
So won't you please make a little room for
Please make a little room for
Please make a little room for me x2

-- This is a great new song, couldn't find anything for it yet and wanted to play it!
