

**Angry Bird**  
**Al Stewart**

Tuning half step down (Eb Ab Db Gb Bb Eb)

**Em D Em**  
One day you fell down from the sky  
**D Bm Em**  
You overthought things, forgot how to fly  
**G A Am Em**  
You're an angry bird walking in circles  
**D Bm Em**  
All alone, angry bird

Now you don't belong, you stagger `round  
Don't like the air, don't like the ground  
Angry bird walking in circles  
All alone, angry bird

**Am Bm Em**  
Radical penguins led you astray  
**Am Bm Em**  
You say that wings are so passÃ©  
**G A Am Em**  
You're an angry bird walking in circles  
**D Bm Em**  
No way out, angry bird

Now you say it's pointless, you say you're cursed  
You fill the night with sarcastic chirps  
You're an angry bird walking in circles  
No way out, angry bird

**Am Bm Em**  
You've fallen in with the avian fringe  
**Am Bm Em**  
They fill your head with thoughts of revenge  
**G A Am Em**  
You're a bird in name only  
**D Bm Em**  
Pretty lonely, angry bird

On the moonlight branches, on a summer`s night  
You could take your chances, you could take flight  
Angry bird walking in circles  
No way out, angry bird

**Am Bm Em**  
Your sun is sinking it`s so absurd  
**Am Bm Em**  
What were you thinking, angry bird?
