You re a strange girl, I don t understand your fantasy

Your father s a collector and his things are a delight
He likes cameras and binoculars and everything in sight,
He collects them in a wagon in the middle of the night
Every holiday s a nightmare and it s giving me the chills
Everybody ends up fighting, I remember it still
The only thing that they agree on is it s me they want to kill

You re a strange girl, you come from a strange family
You re a strange girl, I don t understand your vanity

I think we ought to break up, I could really use the rest
Everything I like to say is something you detest
But every time I try to leave you say you love me best
I was looking for some mystery, I thought you d be the girl
I really must admit you were like nothing in this world
I finally got the oyster but I never found the pearl

You re a strange girl, you come from a strange family
You re a strange girl, I don t understand your vanity
You re a strange girl, you come from a strange family
You re a strange girl, I think you re headed for calamity
