Am **Bb+5**(x13330)

This place is so far

Am **Bb** **Dm**
Away from what passes for civilized life

Am **B** **Bb+5**

No shops and no cars and no city lights

Am **Bb+5**

Just a river of stars

Am **Bb** **Dm**

Over the southernmost ocean so cold

Am **B** **B#o7** (x34242)

A small group of rocks, seagulls and ice

Em **Bm**
Some ramshackle huts

Em **Bm**
A paper in French from long ago

Dm **Am** **F#dim7**(2x121x) **E**
A finger that juts out into the foam

Am **Bb+5**
No boats come this way

Am **Bb** **Dm**
A few expeditions that pass now and then

Am **B Bb+5**
They`ll be back someday but I don`t know when

It`s the loneliest place on the map

F **E**
Night time is utterly black

Dm **C**
I came here by some grave mishap

Bb+5 **Am** **Bb** **Am** **Bb** (instrumental verse)
And I can`t find my way, my way back

It`s all as remote

As the wintry smile that you gave

As you buttoned your coat

And love was erased

So this is goodbye

I see you silently rowing away
