[Verse]

E
Oh why can t we be

Best friends anymore?

F#m
They say a friend
Ain t to be
Between a girl and a boy

B
I don t know who said it
E
Or why it got to be so wrong

E
Oh why don t you call
Don t you care anymore

F#m
It s not fair
Don t let em get you
It took us both and now I got to fix you

B
Well I don t know how to fix you
E
You say it s just the way it s got to be, but how so?

E
Why
F#m
Is an awful lot of question
B
And I can t give me no answer
E
I keep wondering on

[Verse]

Oh why can t you see
That I m not trying to be

No kind of bother
I m just trying to save what was left between you and me
And where we left it before they took it
And took it all
And took off
Oh why did I let them drive a wedge between
Well I watched it, and I didn t say nothing
And now I m crying when I sleep
Now I m sayin , I m prayin , to that sweet melody in my soul
Why
Is an awful lot of question
And I can t give me no answer
I keep wondering on
I wanna know, who said it
Well who said that, oh Lord
