Long hair was not in style
                       Bm
the first time I heard Haggard on the radio,
                     Α7
but I could feel the changes comin on.
The Beatles crossed the ocean,
               \mathbf{Bm}
an overnight explosion on the tv.

My brother had to go to Vietnam.

Ford unveiled the Mustang.
Things looked good in Detroit for the people there.
                     Α7
And I could feel the changes comin on.
From Atlanta Doctor King
                        Bm
told the world he had a dream. People followed him.

And Daddy said my hair was gettin long.
{Chorus-Variation 1}
                               F#m
I could feel changes comin on.
People started singin different songs,
searchin for the place where they belong.
