Alabama

Christmas Memories

Alabama

Intro C Dm G C

There s a blanket of snow coverin up the old road

To the house where I was raised through the window I see

The lights on the tree and a glow from the old fireplace

Though it all looks the same So much has changed from the way it used to be

Chorus

Christmas memories of happy years gone by

They come back to me and keep me warm inside

Still those Christmas memories make me cry

Now the stockings are filled; the old house is still And the kids are all dreamin away

There s that old easy chair Me and daddy sat there waitin for Santa s sleigh

Now daddy s has gone but we ll carry on Cause the little ones will need...

Chorus

Christmas memories of happy years gone by

They come back to me and keep me warm inside

Still those Christmas memories Oh they mean so much to me

Those Christmas memories .make me cry.
