D
She and I live in our own little world

G9 (this sounds right to me)
She and I agree

G9
She and I lead a perfectly normal life

D **D7**
Ah but just because we aren t often seen socially

G9 **E7**
people think we ve got something to hide.

D **A**
But all our friends know we re just a little old fashioned

D
She and I

D **G**
Oh ain t that great

G
aint it fine

G
to have a love someone that others can t find

D **E7** **G**
Aint it wonderful to know all we ever need is just the two of us

D
She and I

so wonderful

G
She and I

She and I share with every body else
the same wants, needs and desires
She and I save
She and I pay on everything we acquire

Ah but just because we aren t often seen separately
people think we live one life.

Its hard for them to see how anyone could be as close as
She and I
