Let it be dark in this caravan

Rocky lightning striking metal in the sand

I m miles from common sense, as welcome as the rain
B **E** **F#**
So close to madness that I even know it s name

Lay your lover s hands upon me
F# **B**
Let me understand, you know?
E **B**
Lay your lover s hands upon me
F#
Let me go

Lie to me sweetly
F# **G#m**
Then discreetly leave me alone
E **B**
Lay your lover s hands upon me
F#
Let me go
Aw, let me go

[Instrumental]

[Verse 2]

Let there be thunder, let me feel the trembling pain
It takes me, now I m desert clean, I ll never be again
Long past the dangerous point, I m open and I m free
I gave up the anchor when I gave up the sea

[Chorus]

Lay your lover s hands upon me
Let me understand, you know?
Lay your lover s hands upon me
Let me go
Lie to me sweetly
Then discreetly leave me alone
Lay your lover s hands upon me
Let me go
Aw, let me go

[Instrumental]

B, E (x2)

G#m
And the storm hits
F#
My finger tips
E **F#**
And I m prone to miss the pyramids

I married that man the moment I could date

And the flag snaps back
F# **E**
And I m scattered to the wind

And the door pretends
F# **B** **E**
I never let you in

[Verse 3]

Let it be dark in this endless caravan
Rocked by lightning, striking metal in the sand
I m miles from common sense, as welcome as the rain
So close to madness, that I even know her name

[Chorus]

Lay your lover s hands upon me
Let me understand, you know?
Lay your lover s hands upon me
Let me go
Lie to me sweetly
Then discreetly leave me alone

Lay your lover s hands upon me
Let me go
Aw, let me go

[Outrol]
