Its Five Oclock Somewhere
Alan Jackson

[Verse]
```
F#                       B                         C#
The sun is hot, and that old clock is moving slow.
C#*
And so am I
F#                       B                         C#
The work day passes slower than molasses in wintertime
C#*
But itâ€™s July
B                                 C#
Iâ€™m getting paid by the hour and older by the minute
B                           C#
The boss just pushed me over the limit
B                         C#
Iâ€™d like to call him something
B                C#          F#
I think Iâ€™ll just call it a day
```

[Chorus] (x2)
```
F#                                 B                         C#
Pour me something tall and strong. Make it a hurricane before I go insane
F#                                 B           C#
Itâ€™s only half past twelve   But I donâ€™t care
C#                    F#
Itâ€™s five oâ€™clock somewhere
F#                 B                     C#
This lunch break is going to take all afternoon
C#*
And half the night
F#               B                   C#
Tomorrow morning I know thereâ€™ll be hell to pay
C#*
Hey but thatâ€™s all right
B                             C#
I havenâ€™t had a day off now in over a year
B                       C#
My Jamaican vacation starts right here
B
If the phones for me
C#                                 F#
You can tell them I just sailed away
```

[Bridge]
```
B                         C#                         B                         F#
I could pay up my tab. Pour myself in a cab and be back to work before two.
B                       C#
At a moment like this, I canâ€™t help but wonder
```

```
B                               F#
What would Jimmy Buffet do.    (I think he d say....)

[Chorus]
F#                                  B                        C#
Pour me something tall and strong. Make it a hurricane before I go insane
F#                              B               C#
Itâ€™s only half past twelve    But I donâ€™t care
C#                      F#
Itâ€™s five oâ€™clock somewhere
F#                      B               C#
This lunch break is going to take all afternoon
C#*
And half the night
F#                  B                   C#
Tomorrow morning I know thereâ€™ll be hell to pay
C#*
Hey but thatâ€™s all right
B                           C#
I havenâ€™t had a day off now in over a year
B                       C#
My Jamaican vacation starts right here
B
If the phones for me
C#                              F#
You can tell them I just sailed away
```
