To see a friend outside of town

My collar up, I found his name

A

Felt the wind die down

Dm

And a drunk man in a cowboy hat

C

took me by surprise

Bbsus2

wearin shiny boots, a nudie suit

Dm

and haunted, haunted eyes

Dm

he said, friend its good to see you

C

its nice to know you care

Bbsus2

and the wind picked up and he was gone or was he

A

ever really there

[Chorus]

C

Dm

Cause it s midnight in Montgomery

C **Dm**
Just hear that whip-poor-will
C **Dm**
See the stars light up the purple sky

A
Feel that lonesome chill

C
Cause when the wind is right you ll hear his song,
Dm

Smell whiskey in the air

C **Bbsus2**
Midnight in Montgomery

A **Dm**
He s always singin there

[Verse]

Dm
I climbed back on that eagle

C
took one last look around

Bbsus2 **Dm**
red tail lights, shadow moves slow across the ground

Dm
off somewhere a midnight train

C
slowly passes by

Bbsus2
I can hear that whistle blowin

A
I m so lonesome I could cry

[Chorus]

C **Dm**
Cause it s midnight in Montgomery

C **Dm**
Just hear that whip-poor-will

C **Dm**
See the stars light up the purple sky

A
Feel that lonesome chill

C
Cause when the wind is right you ll hear his song,
Dm

Smell whiskey in the air

C **Bbsus2**
Midnight in Montgomery
