N.C.

1, 2, 3, 4

[Chorus]

**G Em C/G D G Em C/G D**

I miss you but you don't want to give this another try

**G Em C/G D G Em C/G D**

I miss you but you're probably kissing some other guy

[Verse 1]

**C/G**

I miss the times we would hang out

**G**

All night in your dorm

**C/G**

Drink some wine & watch a movie

**G**

That's what I adored

**C/G**

In the morning we'd roam Los Angeles

**G**

Looking for things to do

**C/G**

We would go to museums & beaches

**G**

Anywhere with you

[Chorus]

**G Em C/G D G Em C/G D**

I miss you but you don't want to give this another try

**G Em C/G D G Em C/G D**

I miss you but you're probably kissing some other guy

[Verse 2]

**C/G**

Do you remember my face

**G**

Do you remember my voice

**C/G**

I always accused you of something

**G**

That you were with another boy

**C/G**

& now I sit here lonely

**G**

Regretting everything I said

**C/G**

Memories they keep on playing

**G**

Playing inside my head

[Chorus]

**G Em C/G D G Em C/G D**

I miss you but you don't want to give this another try

**G Em C/G D G Em C/G D**

I miss you but you're probably kissing some other guy

[Outro]

**G Em C/G D G Em C/G D**

I miss you but you don't want to give this another try

**G Em C/G D G Em C/G D**

I miss you but you're probably kissing some other guy
